

**Recipe of the Month - January 2016**

**Grandma's Cookies**

**Submitted by Louise Albertson**

**This was my Grandma's favourite cookie recipe. She didn't have a name for these cookies and always made them when she would do any baking.**

**1 cup brown sugar (packed)  
1 egg  
1/2 tsp baking soda  
1 tsp vanilla**

**3/4 cup butter or margarine  
1/2 tsp baking powder  
1 3/4 cups all-purpose flour  
pinch of salt**

**Beat the egg, brown sugar and butter or margarine. Add the vanilla and all the dry ingredients and mix until everything has come together. Drop small amounts onto a cookie sheet and press down with a fork. Bake in a moderate oven (350F - 375F) for 10 minutes or until golden brown.**

**Tip: Using parchment paper makes clean up easier!**
